Mr. William Casey, Director  
Central Intelligence Agency  
Washington, DC 20505

Dear Mr. Casey,

We met this past Summer in your office when I picked up some World War II documents which you had gotten from Anthony Cave Brown.

We are continuing here our research into strategic military deception, and I thought you might be interested in the enclosed. It brings together the main elements of our efforts thus far, and I believe it is the best non-anecdotal book on deception published thus far.

Sincerely,

*Donald C. Daniel*
